The following notification of the Government of India is republished :—

RAILWAY DEPARTMENT

(RAILWAY BOARD)

Simla, the 8th July 1915.

No 208.—The following is published for general information :—

No. 836-T.

The 24th June 1915.

RESOLUTION—By the Railway Board

AMENDMENTS IN RULE 247 (3), CHAPTER XV, PART I, AND IN SCHEDULE I, CHAPTER III, PART II, OF THE GENERAL RULES FOR WORKING OPEN LINES OF RAILWAY.

It has been represented that the second part of Rule 247 (3) of the General Rules for working open lines of railway, as it stands at present, if strictly observed, would interfere with shunting operations inasmuch as it requires the locking of all facing points for the passage of "trains" which expression, according to the definition given in rule 1 (35), would include engines engaged on shunting operations, whereas the intention of the second part of rule 247 (3) is that locking of facing points should be required before the passage of "*running trains*" only—*vide* definition in rule 1(27).

2. Moreover, since the issue of Railway Board's Resolution No. 1555 T., dated the 5th October 1914, certain further amendments have become necessary in the revised rules regulating the packing and carriage by railway in India of dangerous goods, other than explosives, which were promulgated with Railway Board's Resolution No. 1026-R. T., dated the 20th June 1912.

3 In exercise, therefore, of the powers conferred by the Notification of the Government of India in the Department of Commerce and Industry, No 801, dated the 24th March 1905, the Railway Board sanction under section 47, sub-section (3) of the Indian Railways Act, 1890 (IX of 1890), the adoption by the administrations of all lines of Railway in British India administered by the Government and

for the time being used for the public carriage of passengers, animals and goods, of the amendments specified in the annexure hereto, to the General Rules of 1906 for working open lines of railway.

4. The Railway Board also desire that the said amendments may be brought to the notice of the administrations of the several railways not administered by the Government and that the Agents of those railways may be invited to submit a formal application for the adoption of the said amendments on their respective lines

Provided that, nothing in this Notification shall apply to acetylene in admixture with air when such admixture takes place only in a burner or contrivance in which the mixture is intended to be burnt.

Provided also, that, nothing in this Notification shall be held to apply to an admixture of acetylene and air which may unavoidably occur in the first use or recharging of an apparatus, properly designed and constructed with a view to the production of pure acetylene.

Provided also, that, subject to the conditions hereinafter specified, acetylene, when in admixture with oil-gas (that is to say, a gas manufactured from mineral oil), shall not be deemed to be an explosive within the meaning of the said Act, when under compression—

(4) Every cylinder or vessel in which acetylene is compressed shall be permanently and conspicuously marked with the name of the manufacturer and the words—"Acetylene compressed into porous substance exempted by Government of India, Department of Commerce and Industry, Notification No. 788-30, dated the 30th January 1915," and shall bear a label giving the date when it was last filled together with the name and address of the filler.

(5) When acetone is used for absorbing the acetylene due precaution shall be taken that the quantity of acetone is such that when fully charged with acetylene it does not completely fill the porosity of the porous substance.

When the operation of compressing the acetylene is carried out in British India—

(6) The apparatus by means of which the acetylene is compressed into porous substance shall be fitted with a safety valve designed to act at a pressure of 200 lbs. per square inch, and shall be surrounded by rope mantlets in such a manner as efficiently to protect the operators.

13th July 1915.

H. H. F. M. TYLER,
Secretary.

NOTICE.

APPLICATIONS are invited from candidates for admission to the Provincial Forest Service. Intending candidates should specify in their applications their age, nationality and educational qualifications and send them with copies of testimonials to the Secretary to the Board of Revenue (Land Revenue), Madras. All applications must reach the Secretary before the 20th August 1915. Annexed is an extract of section 28 of the Forest Code containing the rules regulating the recruitment of the Provincial Forest Service.

ANNEXURE.

Extract of Section 28, Forest Code.

1. The Madras Provincial Forest Service will be recruited—

(*a*) from men who have successfully passed through the Provincial Service course at the Research Institute, Dehra Dun,

(*b*) by promotion of deserving Rangers.

2. On or before the 1st June of every year, the Board of Revenue will submit to Government a report as to the number of candidates for the Provincial Forest Service to be selected during the year. On receipt of intimation from the President of the Forest Research Institute, Dehra Dun, of the number of studentships allotted to this Presidency, the Board will publish the rules for the recruitment of the Provincial Forest Service in the *Fort St. George Gazette* and the District Gazettes in the form of a notification inviting applications for appointment to that service. A Committee consisting of the Forest Commissioner, another Member of the Board of Revenue and the Conservator of Forests, Central Circle, will meet early in September for the selection of suitable candidates for the special course of training at Dehra Dun. The selection will be confined mainly to young men who are of good physique and social standing and qualified by previous education; preference will be given to those candidates who have a substantial knowledge of one or more branches of natural science, but a knowledge of English and mathematics will also be required in order to ensure that those selected shall be thoroughly capable of following and profiting by the course of instruction. The selection Committee will submit to Government by the 10th September the names of the candidates whom they recommend arranged in order of merit. For every vacancy not less than two names should be submitted. The Government will then select a number of candidates slightly in excess of the number of vacancies so as to form a reserve against failures to pass the entrance examination.

3. Candidates should be prepared to satisfy the Committee in such manner as may be prescribed by the Committee that they possess the requisite physical and educational qualifications to undergo successfully the tests mentioned in rule 5 *infra*.

4. Except for special reasons and with the special sanction of the Local Government, no student will be deputed for the special course who is not between the ages of 18 and 24 on the 1st July of the year in which the special course begins. Candidates must therefore be between the ages of 17 and 24 on the 1st July of the year in which they are selected.

5. The candidates selected by Government will undergo the following examination which will be conducted by the Board of Revenue at Madras early in October :—

(i) *Physical test.*—To be prescribed by the Board. It will probably take the form of a walk of from 12 to 18 miles within a given time. This will be followed by a medical examination.

(ii) *Educational test—English.*—The candidates will be required to write a full précis of two passages—one read out by a European, and the other by an Indian officer; this will be followed by a colloquial examination.

Mathematics.—The examination will consist of two papers—one in arithmetic and algebra, and the other in geometry and trigonometry, for each of which three hours will be allowed. The standard in mathematics is a practical knowledge of arithmetic, algebra up to and including quadratic equations and simple problems, mensuration, geometry (including the first three books of Euclid) and elementary trigonometry including the solution of triangles and the use of logarithms. No candidate who fails to obtain half the full marks in each paper will be considered to have passed. The question papers will be received from the President, Forest Research Institute, Dehra Dun, and the answer papers will be sent to him by the Board of Revenue for valuation.

The Board will report to Government the result of the physical test and the examination in English. The President, Forest Research Institute, will communicate to Government before the 15th December the results of the examination in mathematics. On receipt of both these results the Government will announce the names of the candidates finally selected.

It will be open to the President of the Forest Research Institute to remove any student from the college, if, at any time during the course at Dehra Dun, he is found to be physically unfit, or if after having been at the college for two months he is found by the President not to possess sufficient knowledge of English to enable him to follow the course intelligently.

6. Selected candidates will before deputation be required to undergo practical training for a period of six months under a District Forest Officer and will be paid during the period a stipend of Rs 50 with fixed travelling allowance of Rs. 25 per mensem. They will continue to draw stipend at Rs 50 from the date on which their training under the District Forest Officer ceases, up to the date on which they are formally admitted as students in the Dehra Dun College. Candidates are liable to rejection if the results of their practical training are such as to indicate that they are unlikely to prove good forest officers.

7. Before proceeding to Dehra candidates will be required to execute a formal agreement and a security bond with two sureties for Rs. 4,000 that they will serve the department for at least five years after their return from Dehra. The sureties should be persons residing or owning property in British India.

8. Selected candidates, while under training at Dehra Dun, will be granted a stipend of Rs. 50 per mensem in addition to actual expenses for journey by rail or steamer. They will, on returning to Madras duly qualified, be given a bonus of Rs. 480 to help them to purchase the equipment necessary for their work. Candidates will be paid the usual travelling allowances admissible under the Civil Service Regulations for joining the college at Dehra and for their return on successful completion of the two years' course.

9. Candidates who have obtained the necessary certificates from the Forest Institute, Dehra Dun, will be posted to the Forest Service as Probationary Extra Assistant Conservators, but they may not be substantively appointed to the Provincial Service until they have served on probation for two years and until actual vacancies in that service arise, their pay during the period of probation shall not exceed Rs. 150 per mensem and if their probationary period is extended their pay during the first year of extension shall not exceed Rs. 180 per mensem and Rs. 200 per mensem during the remaining period of extension. During this probationary period all probationers except those who speak one of the vernaculars of the Presidency as their mother tongue must pass the test prescribed in section 63 in one of the vernaculars of the Presidency.

10. Any candidate who is not appointed permanently to Government service before attaining the age of 23 may be allowed to count as service towards pension any period of training or probation after attaining that age.

11. Rangers of long service and approved merit are eligible for promotion to the Provincial Service without any further training. When so promoted, they will be appointed first acting on probation and confirmed if found suitable.

12. An officer appointed direct to the Provincial Forest Service or Rangers promoted to that service will, on permanent appointment, be designated Extra Assistant Conservator and receive pay at Rs 250 per mensem rising by an annual increment of Rs 20 to Rs. 350. Their subsequent promotion to the grade of Extra Deputy Conservator will be regulated by the provisions of section 21.
